

DISCOVER OUR TREASURES

SUKIA PARK is a wildlife refuge located in the heart of Manuel Antonio where conservation and education is our primary focus.

We invite you to explore our trails, waterfall, animal life and learn more about our commitment to the environment.

Butterflies & Crocs

Enjoy a peaceful visit to the butterfly garden, **SUKIA** is home to many types of these magnificent insects, as well as the Blue Morpho, which will literally fly all around you.

The crocodile lagoon is home to rescued species that are cared for to prevent them from becoming part of the illegal trade. Learn about crocodiles and see them up close.

Time: 8:00am and 11:00am

Jungle Day Tour

During the visit you will learn about the amazing biodiversity of the rainforest, conservation and the value of the richness of life in the most important ecosystems of Costa Rica.

You will visit the butterfly garden and the rescued crocodiles lagoon, as well as take a guided walk through the refuge's trails to the waterfall within.

Time: 8:00am and 11:00am

Jungle Night Tour

When the night arrives, the whole forest change, and this tour is about it, you will have an extraordinary experience, while discovering the behavior, the color and the sounds of the forest in night time, it totally worth it!

Time: 5:30pm
